Subject: Safety Regulations Training

All new employees are required to complete a training course on the safety procedures in effect at our various sites. The course is individualized and self-contained; consequently, you may take the course at any time. The Learning Resource Center is located next to the cafeteria and is open on weekdays from 7 a.m. to 9 p.m.

The training course combines the use of a computer and interactive CD-ROMS. You will be able to learn at your own pace with the training material. A printout at the end of the training session will provide you with the result. Please turn in the result to your supervisors.

If you have any questions please contact Alan at Human Resources.
