3 DIALOGUE

ダイアログ

Directions: First repeat after your tutor and then practice each role.

Miles: Have you heard about the recent survey conducted regarding sports and leisure activities?

Mark: A bit. I heard that they found that women are the more active group when it comes to leisure hobbies. But as far as actual numbers are concerned, I don't have any of the details, yet.

Miles: Well, **could you get us some additional data** regarding the survey? I'd like to begin developing a line of product specifically tailored for the new target demographic.

Mark: I can ask Cathy or Jack for some more results, but I think it's still an on-going survey. Any data I get would be preliminary.

Miles: That's ok. I think the initial assessment will probably hold true. We can probably get to work on a designing a new product with the preliminary results.

Mark: Alright, then I'll get in touch with Cathy after we finish.
